

Gary Huang Joins Tagore Technology as Managing Director of Sales and Business Development for Asia Market

We are pleased to announce that Gary Huang has joined Tagore as Managing Director of Asia Sales and Business Development. Gary will be responsible for all Sales and Marketing activities in China, Taiwan, Japan, Korea, Vietnam, Singapore, and Malaysia. With Gary's extensive sales and business development experience, he will be able to help accelerate Tagore's growth by penetrating new customers, developing strong relationships with key customers, forging win-win partnerships with Distributors and Sales Representatives, and shaping our innovative product roadmap. Jacky Joao, our Sales Manager from China, will report to Gary.

Gary has over 25 years of experience in Sales, Marketing, Operations, Business Development, Partnerships, Engineering and Management. After graduating from the well-known University of California, Davis with a Bachelor of Science degree with high honors, Gary began his career as a Product Engineer at NEC. With increased knowledge and skill, he then joined Maxim as an Application engineer and was subsequently promoted to Business Development manager. He then honed his RF skills at Silicon Labs, NXP, and ST-Ericsson. Gary obtained full startup experience by joining P2i Limited as Chief Operating Officer. With relentless hard work and determination, Gary was able to grow revenue at more than 45% CAGR and exceeded the company's target goal. Before joining Tagore, Gary worked at Infineon as Vice President and Managing Director of Infineon Taiwan, managing more than 400 employees and with more than \$1.2B in revenue.

We are delighted to have Gary join our team. We are confident Gary will take us to the next level of success in Asia with his strong management and leadership attributes.
